GENESIS

The pressing demand for women's education in South Calcutta led the authorities of Asutosh College to open the Women's Section in July, 1932. On completion of its 25th year of existence, it was felt that this section of the College should be run as a separate Women's College, with a separate establishment of its own. In 1957 the College was separated from the Men's College and affiliated to Calcutta University as Asutosh College for Women (1958), subsequently renamed Jogamaya Devi College, in the hallowed memory of Lady Asutosh Mukherjee.

OBJECTIVES

The guiding principle of the College is - "*Tamaso Maa Jyotirgomayo*" - *Lead us from darkness to light*. We believe that educating one girl amounts to educating a whole family. Communicative English Major	English (General) Pol. Science (General)

B. COM DEGREE COURSE

B.Com Degree General Course is of three years duration. The Syllabus of the stream has recently been re-designed according to the need of the time. More dynamic subjects like Information Technology and Financial System has been introduced, offering day-to-day Practical guide line.

The Department

The department has shown remarkable performance during last twelve years. The rate of success in the final examinations is about 99% with several first divisions.

COMMUNICATIVE/FUNCTIONAL ENGLISH (MAJOR)

Proficiency in English is acknowledged to be an essential requirement in a multilingual Nation like India, for communication at national as well as international levels. The present system of higher education, however, does not fully equip the advanced student for entry into the job market after securing the B.A. degree.

With this in mind, the UGC has introduced Communicative English Major in Select Colleges at degree level. The course is oriented towards acquisition of English language skills, both written and oral which enables the learner to function effectively in the real world. Along with language learning, the course also has a practical element of “on the job training” hopefully which, will prepare the learner to be absorbed into the job market. The course is offered to a limited number of students and concentrates on individual needs and abilities. It is an intensive course of three years’ duration (1550 marks). On completion, the student will be awarded a B.A. Degree with a Major in Communicative English.

This Vocational Course has been introduced in Jogamaya Devi College. Students willing to join this course will have to take Communicative English as a Major subject, along with English (General) and Political Science (General). The course fee for vocational course is Rs. 1,200 – per year, to be paid in July & January.

A student willing to take Communicative English and English as an Elective subject must have secured more than 45 per cent marks in aggregate in the last H.S. or Equivalent Examination and 50% in English.
